

Postdoc and Early Career Faculty Awards from the NIA

Jamie Lahvic, Ph.D. + Maria Carranza, Ph.D.

NIA Training Office

March 3, 2022

National Institute
on Aging

Today's Agenda

- NIA Training Landscape
- Transition Awards
- Career Development Awards
- Early Career Research Funding

**National Institute
on Aging**

Keep in Touch the NIA Training Office!

Maria Carranza, Ph.D.
Program Director and
NIA Training Officer

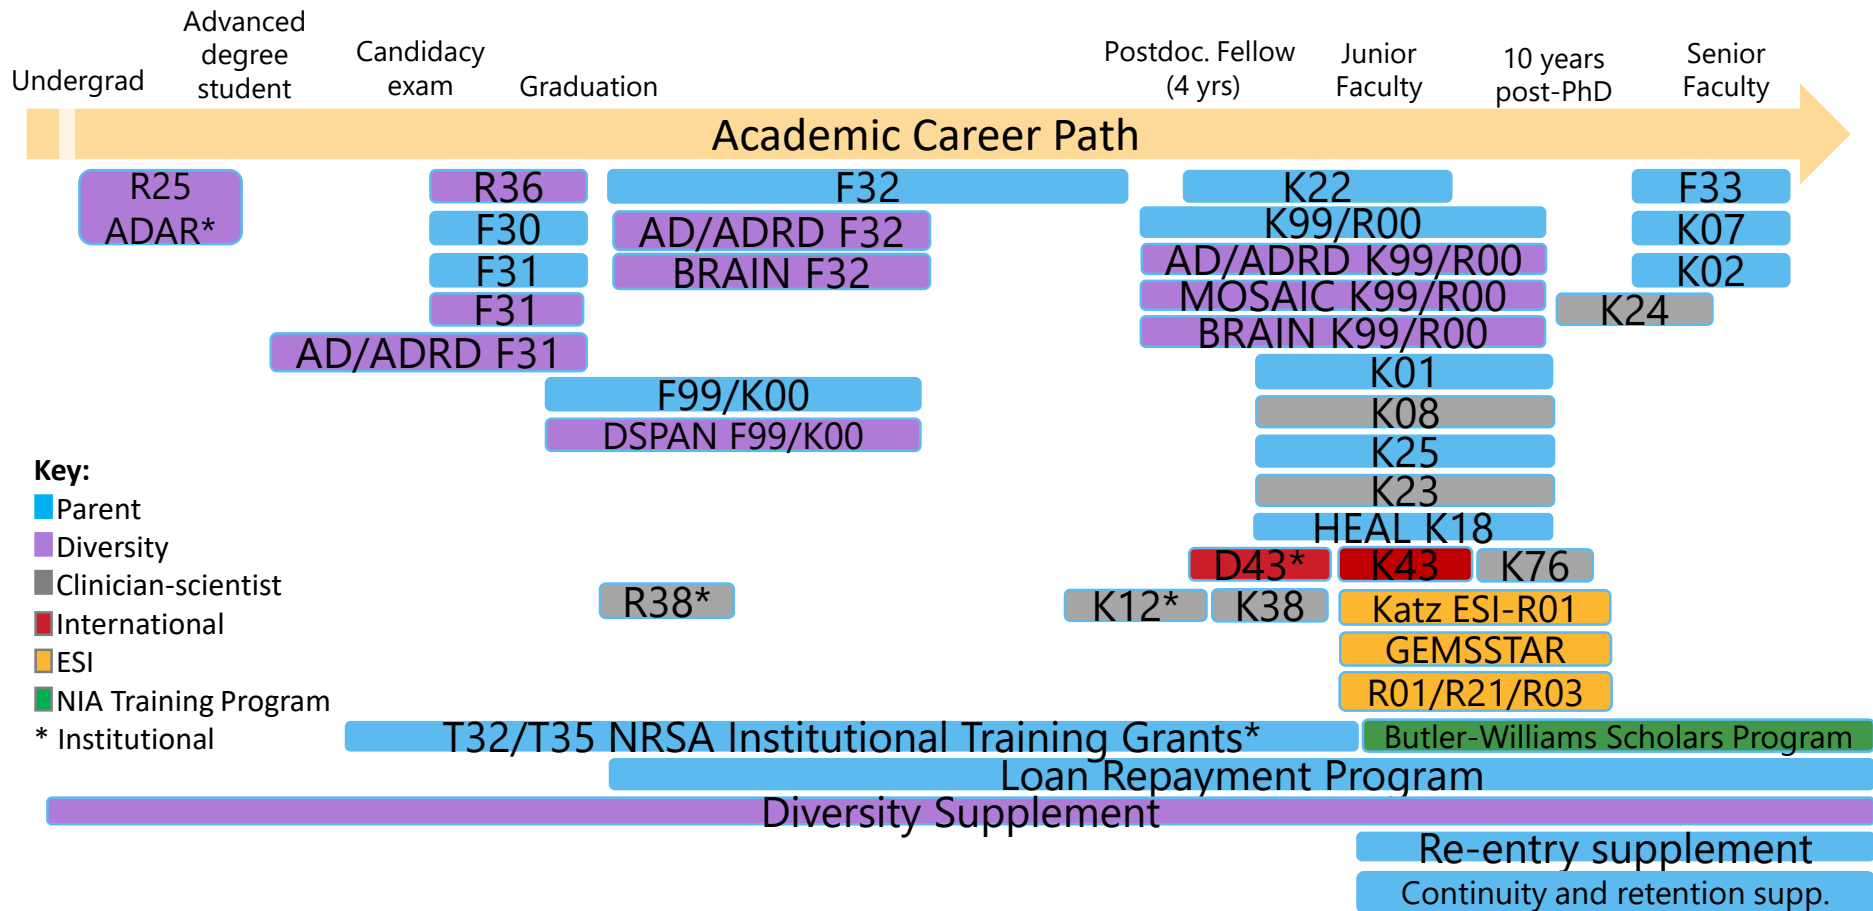

Jamie Lahvic, Ph.D.
Science and Technology
Policy Fellow

NIATraining@mail.nih.gov

NIA Career Development Landscape

NIA Career Development Landscape

Postdoc to Faculty Transition Awards

Postdoc to Faculty Transition Awards

K99

K22

*No citizenship
or residency
requirement

Eligibility:
Up to 4 years postdoc
experience

Eligibility:
2-8 years postdoc experience

K99:
1-2 years of postdoctoral
funding

Approval Letter:
Up to 1 year to secure faculty
position

R00:
3 years of independent
researcher funding

K22:
3 years of salary and
research funding

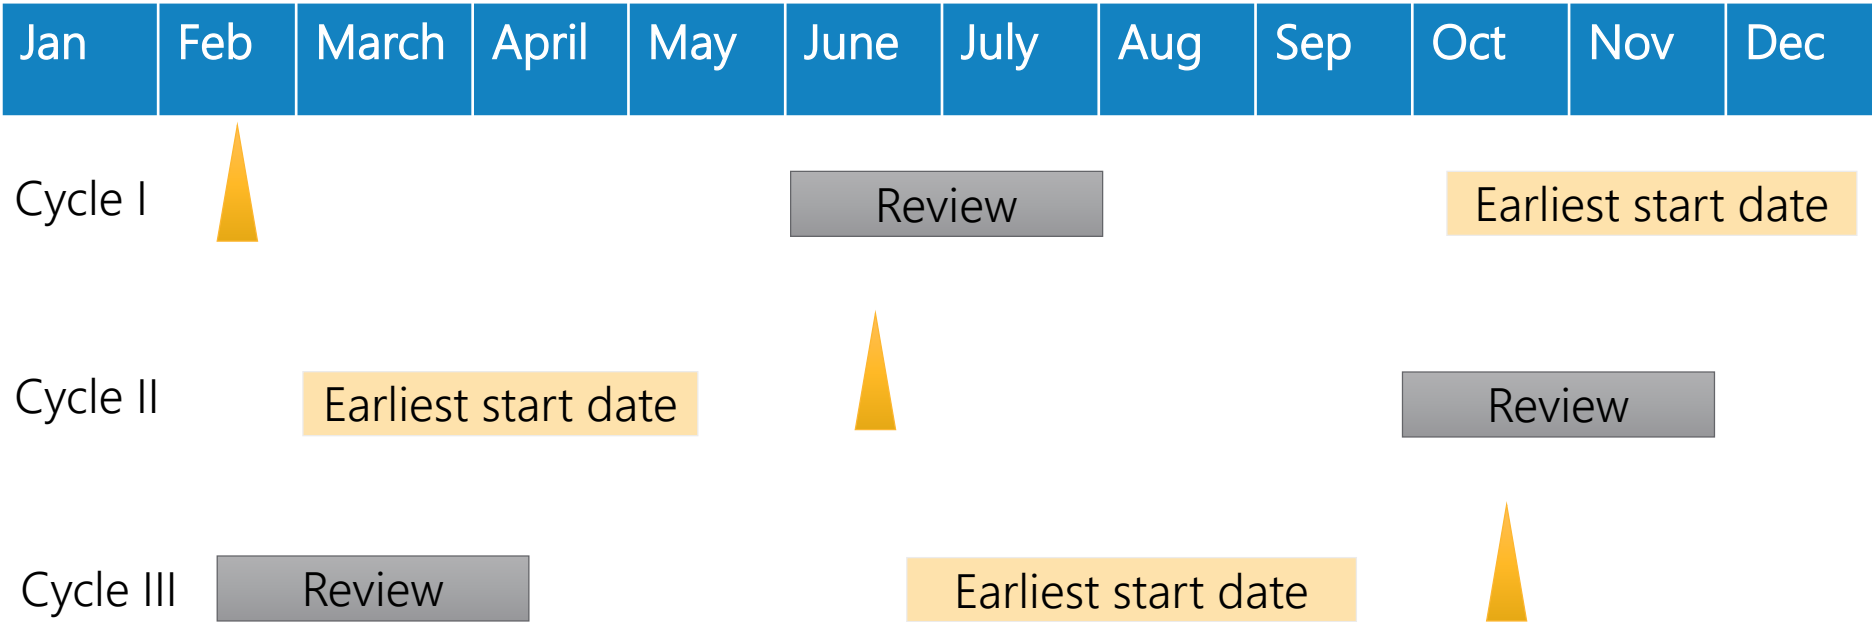

100k salary
50k research

249k direct costs

K99/R00 Pathway to Independence Awards

Award	Name	Discipline	Funding Opportunity Announcements
Parent K99/R00	NIH Pathway to Independence Award	All aging research	PA-20-187 PA-20-188 PA-20-189
AD/ADRD K99/R00	Advanced Postdoctoral Career Transition Awards to Promote Diversity in Translational Research for AD/ADRD	Drug discovery or data science research in AD/ADRD	PAR-21-220
MOSAIC K99/R00	Maximizing Opportunities for Scientific and Academic Independent Careers Award to Promote Diversity	All aging research	PAR-21-271 PAR-21-272 PAR-21-273
BRAIN K99/R00	BRAIN Initiative Advanced Postdoctoral Career Transition Award to Promote Diversity	BRAIN Initiative research areas	RFA-NS-19-043 RFA-NS-19-044
NINDS AD/ADRD K99/R00	NINDS AD/ADRD Advanced Postdoctoral Career Transition Award to Promote Diversity	NINDS AD/ADRD priorities	PAR-22-022

Plan Ahead and Leave Time for Resubmission!

The K99 4-Year Eligibility Window

- The clock starts when you start your first **postdoc**, not when you receive your PhD.
- The limit applies to **initial submissions AND resubmissions**, so apply early!
- COVID-19 Extensions (Automatic):
 - If your final due date was up to Feb/Mar 2022: 2 cycle extension
 - If your final due date will be June/July 2022: 1 cycle extension (to Oct/Nov 2022)
 - If your final due date is Oct/Nov 2022 or later, no extension available currently
- Childbirth: 1 year extension; email us your child's birth date.
 - COVID-19 and childbirth extensions **DO NOT STACK**; maximum extension is one year.
- Other extensions (medical leave, time off between postdocs, etc): case-by-case, email us
- Not sure about your timing? Email us. NIATraining@mail.nih.gov

Advice on Applying for:

Career development plan, panel of advisors, is as important as research plan!

Career Transition Awards

You and your postdoc advisor should **both** explain your plans to transition to independence

Describe BOTH postdoctoral and independent portion

It's in the name!

Career Development Awards for Faculty

Mentored Career Development Awards (K)

K01

K08

K18

K23

K25

K76*

- Provide up to 5 years of funding
- Salary: \$75k-100k, require 75% effort
- Research: \$20k-40k
- U.S. Citizen or permanent resident required by time of award
- Can apply to many as a postdoc, may require faculty position by time of award

Mentored Career Development Awards (K)

K01	Mentored Research Scientist Development Award
K08	Mentored Clinical Scientist Research Career Development Award, Translational and Clinical Research
K18	HEAL Initiative: Translational Science Career Enhancement Award, for translational researchers working on pain therapies
K25	Mentored Quantitative Research Development Award, open to quantitative scientists without prior wet lab research background
K23	Mentored Patient-Oriented Research Career Development Award

K effort FAQs

- Can I apply for a K if I have an Alzheimer's Association or other foundation career award?
 - Yes!
 - Will need to adjust to <100% total effort, Alzheimer's Association will work with you.
- What happens to my K if I receive research (R) funding from NIH?
 - You can keep both!
 - Will need to adjust to <100% total effort
 - In **years 4 and 5**, you can request to decrease your K effort to 50%

Advice on Applying for:

Put your career
accomplishments in
context

Career Development Awards

Career development
plan, panel of advisors, is
as important as research
plan!

It's in the name!

Research Awards for Early Career Faculty

New Investigators and Early Stage Investigators

Early Stage Investigator (ESI)

- Has NOT received R01 or equivalent
- Completed terminal research degree or clinical training within the past **10 years**

New Investigator (NI)

- Has NOT received R01 or equivalent

R01-equivalent awards: DP1, DP2, DP5, R01, R37, R56, RF1, RL1, U01 and R35 (select program announcements).

Why is your status important?

- NIA's pay line has been historically better for NI/ESI
- Example: NIA's Fiscal Year 2021 Pay Lines

CSR-Reviewed Research Applications (Percentile Based)			
	General Pay Line <\$500K	General Pay Line ≥\$500K	AD/ADRD Pay Line
All (except below)	8%	5%	28%
New Investigator R01s	11%	8%	31%
Early Stage Investigator R01s	13%	10%	33%

Extensions to ESI Status

- Automatic approval: childbirth extensions (1 year extension per child, birth parent only)
- Case-by-case approval: all others, including medical or family leave, COVID-19 delays, natural disaster, etc.
- **Recent policy update:** Second extensions of ESI status will be considered for life events that happen:
 1. During an initial extension, or
 2. Simultaneous to another qualifying life event.

Research Mechanism Comparison: Which is right for you?

R01

Research Project Grants

- Standard 5-year award; no budget limit but need to reflect the actual needs of the proposed project
- Advanced/established independent work

R21

Exploratory/Developmental Grants

- Smaller risk 2-year award; \$200K direct costs per year
- No preliminary data required (but may include)

R03

Small Research Grants

- \$50-100K direct costs per year for up to two years
- Pilot research that is likely to lead to a subsequent individual R01

R03 Research Grants from NIA

NIH Small Research Grant Program (Parent)	All aging research (PA-20-200)
Small Research Grant Program for the Next Generation of Researchers in AD	<p>3 AD/ADRD focus areas:</p> <ul style="list-style-type: none">• Working with Existing Data Sets (PAS-19-391)• Basic Science (PAS-19-392)• Systems Biology (PAS-19-393)
Grants for Early Medical/ Surgical Specialists' Transition to Aging Research (GEMSSTAR)	<p>An award for:</p> <ul style="list-style-type: none">• Early-career physician-scientists trained in medical or surgical specialties• Early-career dentist-scientists

R21 Research Grants from NIA

NIH Exploratory/
Developmental Research
Grant Program (Parent R21)

- Clinical Trial Required ([PA-20-194](#))
- Clinical Trial Not Allowed ([PA-20-195](#))
- Basic Experimental Studies in Humans ([PA-20-196](#))

Early Stage Investigator
Research Using Nonhuman
Primate (NHP) Models

- For ESIs who have at least two years of postdoctoral experience.
- Research using NHP models ([PAR-21-109](#)).

R01 Research Grants at NIA

NIH Research Project Grant (Parent R01)	<ul style="list-style-type: none">• Clinical Trial Required (PA-20-183)• Clinical Trial Not Allowed (PA-20-185)• Basic Experimental Studies in Humans (PA-20-184)
Stephen I. Katz Early Stage Investigator Research Project Grant	<p>Supports an innovative project in an area of science that represents a change in research direction for an early stage investigator (ESI) and for which no preliminary data exist.</p> <ul style="list-style-type: none">• Clinical Trial Not Allowed (PAR-21-038;))• Basic Experimental Studies with Humans (PAR-21-039):
Many additional R01s!	For topic-specific R01s, many related to AD/ADRD, search the NIH Guide

The Butler-Williams Scholars Program

- Highly competitive NIA Training Program for **junior faculty and researchers new to the field** of aging to gain insight about aging research.
- Emphasis on cohort networking and capacity-building
- Recent Butler-Williams [Blog Post](#)

Dates: Aug. 23-25, 2022
Applications Due: April 15, 2022 (5pm)
Location: Virtual
Eligibility: Ph.D., DrPH, M.D., DO, etc.
Email: NIABWSP@mail.nih.gov
